

IMPORTANT INFORMATION

TO ALL MEMBERS OF THE STARK COUNTY SCHOOLS COUNCIL OF GOVERNMENTS HEALTH INSURANCE PROGRAM

Flu vaccinations can help reduce the risk of contracting the flu by 70% to 90%. The shingles (Zoster) vaccination reduces the risk of developing shingles and is recommended for those 60 years and older. In conjunction with Stark County Schools, CVS Caremark is offering convenient flu and shingles vaccines at your nearby CVS retail pharmacy. Members with prescription coverage through Stark County Schools may obtain a flu or shingles shot at any CVS pharmacy. No prescription is needed for flu shots. Those 50-60 yrs. that want a shingles vaccination need a prescription from their physician.

If a flu or shingles vaccination is received at a CVS pharmacy there will be no charge. If a flu or shingles vaccination is received at a pharmacy other than CVS, the participant will be charged up front and must apply for reimbursement from the insurance company.
